It Will Be Chosen Late Today—May
Wind Up the Business of
the Fifty-First Council
This Evening.

Refreshed by an hour's automobile ride over the city from 5 to 6 o'clock last afternoon, followed by a delightful banquet at the Eagles' hall last night, the fifty-first great council meeting of the Improved Order of Red Men began the second day's session at the court house at 9 o'clock this morning. Great Sachem Will DeBoid is presiding, and the sessions until adjournment, which will probably be tonight, are secret.

Twenty-five additional delegates over the 250 present at the opening session took their seats in the convention today.

Resolutions were adopted thanking the city, Wichita and Apache tribes for the hospitality of the three bodies, also resolutions expressing sorrow on the death of sixty members of the order since the last great council meeting.

The resolutions follow: Whereas, the members of this great council are now enjoying the hospitality of the officials and citizens of Sedalia and Apache and Wichita tribes; therefore, be it

Resolved, That we, the representatives to this, the fifty-first great council session, extend to the mayor, officials and citizens of Sedalia and to Apache and Wichita tribes our heartfelt thanks and appreciation for their welcome and hospitality, and especially to the business men of this city for their kindness in tendering their automobiles for our use in seeing the city; be it further

In 1861, at Georgetown, he married Mary Montgomery, the oldest daughter of Dr. Thos. J. Montgomery. Mrs. Haynes was a sister of John Montgomery, Jr., and Mrs. Cameron D. Garrett of this city.

Messrs. John Montgomery, Jr., Richard M. Garrett and Mrs. C. D. Garrett departed for Excelsior Springs on the 2:30 train this afternoon to attend the funeral, which will take place tomorrow at 1:30 p. m.

Wants the Democrat-Sentinel.

Mrs. Josephine Fischer Keys, formerly Mrs. Adam Fischer, of Sedalia, is now residing at 746 East Burnside street, Portland, Ore., and sends a dollar, asking that the Weekly Democrat-Sentinel be sent to her at that address. Her husband is manager of one of the large mercantile houses at Portland.

THE SPOUSE NOW SEEKS DIVORCE

Woman Says Her Husband Introduced
Her to the Doctor, and He Will
Now Have to Bear Up Under
Consequences.

Pittsburg, Pa., May 17.—What promises to be one of the most sensational divorce suits in years at Pittsburg has just been started.

It has developed that Charles M. Williams, a rich oil producer and member of the firm of Williams & Birch, has entered suit for divorce from Delphine Williams, naming Dr. William Sheppard, a Philadelphia osteopath, as co-respondent.

Williams sets forth that his wife, whom he married six years ago, and who drove one of the smartest autos in the Pittsburgh district, insisted on going to a ball game in Pittsburgh May 2 and taking an auto load of her friends. Williams says he was ill and remained at home.

A mail man delivered letters at the Williams home, near Carnegie, while Mrs. Williams was at the game, and there were in the mail letters for Mrs. Williams. It is charged, from the Philadelphia physician.

Williams says he opened one of the letters, thinking it was a bill from the family physician, but found inside some endearing terms which caused him to phone for an attorney and the suit was filed a few days later.

When confronted with the contents of the loving letter the wife is said to have blamed her husband for introducing her to the physician. Mrs. Williams is not now at her home. Her husband says she is in Philadelphia with Dr. Sheppard.

SEDALIA GIRL A BRIDE

John William Melaven Married to
Miss Grace Baldwin.

Miss Grace Baldwin, a popular former Sedalia girl, was married at Puerto de Luna, N. M., by a Catholic priest Tuesday, May 17, to John William Melaven, a young man engaged in the mercantile business there.

The bride is a daughter of G. H. Baldwin, a real estate dealer of this city. For the past year she has been residing at Santa Rosa, N. M., where her father is the owner of a large ranch.

The news of the marriage will be received with surprise by all acquaintances of the bride, by whom she is held in the highest esteem.

THE TAIL IS DUE TONIGHT

Earth to Be Immersed in Caudal Appendage of Comet.

Paris, May 18.—Camille Flammarion, the French astronomer, says that for several hours tonight and tomorrow morning the earth will be immersed in the gaseous caudal appendage of Halley's comet.

He adds that little danger may be expected, as the tail will probably be so rarefied as to be harmless.

The Meeting Called Off.

The meeting of the Blessed Caspar society, which was to have taken place in their club rooms tonight, has, for several reasons, been called off. The election of officers will take place Wednesday, June 22.

'T WAS SENIOR DAY

INTERESTING EXERCISES AT THE
HIGH SCHOOL DURING
THE FORENOON.

REV. MCCLANAHAN'S ADDRESS

If the Students Will Follow the Advice
Given Success in Life
Is Certain—The Program
That Was Given.

Senior day was observed at the Sedalia High school this morning when the last assembly meeting of the 1909-10 school year took place, it being conducted by Miss Martha Letts, the principal.

The exercises opened with the hymn, "Break Thou the Bread of Life," by the school, at the conclusion of which prayer was offered by the Rev. W. A. McClanahan, of the Fifth Street Methodist church, South, after which the song, "Jesus, Savior, Pilot Me," was sung.

Next on the program was a musical number, "The High School March," composed by Prof. Gregg and played by his orchestra.

Rev. McClanahan then spoke to the assembly, but chiefly to the seniors, saying, among other things, how pleased he was to know that nearly 100 students had the grit and stick-to-itiveness to pull through the four years of school; that now was the important time, which many in after years would wish was back again—the starting point in life, and that success or failure lay in their own hands.

He said, further, that to the one who went through school on his own resources the laborious tasks of life will be conquered and overcome; and that while the diplomas were valuable to the student facing the world, he would be benefited far more if he possesses that which so many men in our day lack—good muscle and common horse sense.

He concluded his interesting and instructive address by congratulating the class upon their splendid achievement.

FRANK WILLBARGER DEAD

A Former Employee of the Sedalia Traction Company.

W. M. Pope today received a letter from St. Louis advising him of the death of his brother-in-law, Frank Willbarger, a former electrician with the Sedalia Light and Traction Co., at the home of his daughter in St. Louis Monday. The funeral was held there Tuesday.

Mr. Willbarger was 63 years of

age and death resulted from kidney disease.

He was a resident of Sedalia for a number of years, and was held in the highest esteem by all who knew him. He resigned his position here a couple of years ago to remove to Indiana, but was at the home of his daughter in St. Louis when the end came.

Baby Girls for Printers.

Born, Tuesday night, May 17, 1910, to the wife of J. P. Hirtt, a Linotype operator for the Democrat-Sentinel, living at Sixteenth street and Warren avenue, a daughter.

Born, Friday, May 6, to the wife of Will Behr, a former Sedalia printer, but now residing at Portland, Oregon, a daughter.

SHE TOOK ON JAGS

A RICH WIDOW OF PHILADELPHIA, WHO DIED IN OCTOBER, 1908.

HER WILL NOW BEING CONTESTED

Is Alleged That She Appeared Nude Before Her Servants and Amused Them By Turning Somersaults.

Philadelphia, Pa., May 18.—Strange stories were told by witnesses in the suit to break the will of Mrs. Meta Josephine Connor Wood, wealthy widow, who died in October, 1908, at Broad and Thompson streets, where she had lived alone with many servants after the death of her husband several years ago.

A district telegraph company's special officer described numerous calls at night to her home, when he said he found her so intoxicated she had to be carried to bed, and on at least one occasion unclad, before her servants.

He said also she made him open whisky and champagne for her delectation.

He said she did such "circus stunts" as turning somersaults, high kicking and imaginary bareback riding.

A former coachman told of purchases of five gallons of whisky at a time, and another witness described Mrs. Wood playing tunes on a string of beer bottles.

FEAR MANY DISASTERS

Said They Will Follow in the Wake of Halley's Comet.

York, Pa., May 18.—Lee Spangler, of this city, who prophesied the San Francisco earthquake and fire, the date of the death of Queen Victoria, the assassination of President McKinley and the drought last summer, now declares that the earth will be torn with earthquakes that volcanoes will suddenly appear in the most unexpected places and that drought, pestilence and great wars will follow the path of Halley's comet.

Spangler asserts that astronomers have miscalculated the result of the comet striking the earth today. He says the earth will not merely be swept by the tail of this celestial wanderer, but will be side-swiped by it.

SEE SHOOTING STARS

Tonight and Tomorrow Night, Due to Halley's Comet.

Pasadena, Cal., May 18.—According to Mount Wilson scientists, there will be brilliant displays of shooting stars this evening and tomorrow evening, due to the passage of Halley's comet. Extensive preparations have been made on Mount Wilson for observing the expected electrification of the earth's atmosphere today, when the earth passes through the tail of the comet.

Served Under Admiral Farragut.

Minneapolis, Minn., May 18.—Martin Hughes Gerry, a fleet engineer under Admiral Farragut at the battle of Mobile bay, died at his home here today. Gerry also served in the Spanish-American war.

Light Frost Last Night.
There was a light frost in the lowlands in this section last night, but no particular damage resulted.

UP TO PARK BOARD

WHETHER OR NOT SEDALIA WILL
HAVE BASEBALL GAMES
THIS YEAR.

PRICE OF GROUNDS THE TROUBLE

Board Wants All Receipts From the Grand Stand, While the "Cubs" Offer \$5 and \$10 a Day—Meeting Being Held.

Shall Sedalia have baseball games during the season of 1910?

That is the question that has been agitating local lovers of the great American game for some time and has not as yet been answered.

Early in the season the Sedalia Cubs, an amateur team that did some good work last year and furnished the only out-door amusement Sedalia had, was reorganized, and under the management of Lawrence Laupheimer was placed on a solid and business-like basis; good semi-professional players were secured and every preparation made to put up a good article of baseball during the coming summer months. Correspondence was opened with outside clubs of good reputation and many games were thus scheduled.

At that time it was the impression that the Liberty park grounds could be secured at a price that would permit the club to come out even, at least, and it was the impression among those interested that they had a contract with the park board to that effect—\$5 for week day and \$10 for Sunday games.

Within the last few days the board, however, has notified the club that it will not let them have the grounds at that price, and are asking all the grand stand receipts as compensation for use of the grounds.

This would make it manifestly impossible for the club to play, and consequently efforts are now being made to persuade the board to change its decision and accept the prices first proposed as compensation.

To this end a meeting of citizens was held at the rooms of the Business Men's association this morning, at which Mayor J. W. Mellor was present, and after a few short talks by various men present it was resolved to take prompt action in the premises. A committee of five, consisting of Judge D. E. Kennedy, W. G. Lynch, S. M. Hodges, Lawrence Laupheimer and G. H. Scruton, was appointed to outline the steps necessary.

This committee met following adjournment of the general meeting and petitions were prepared, addressed to the park board, asking that the club be given the use of the grounds at the \$5 and \$10 rate. The petitions were circulated at once and met a ready response, merchants, professional men and citizens generally gladly affixing their signatures.

At the same time an invitation was extended to the board, requesting its members to attend a citizens' meeting this afternoon at the Business Men's association rooms, and as the Democrat-Sentinel goes to press this meeting is being held, with good prospects of reaching a satisfactory conclusion.

JUST LIKE SEDALIANS

People of Bolivar Against Negro School There.

The business men of Bolivar, Polk county, are very much in earnest in protesting against the sale of the Bolivar college property to negroes that they may establish a school there.

The deed has been made by the present owners of the property, the trustees of William Jewell college, but a temporary injunction has been granted and a fund of \$2,000 has been raised by Bolivar people to fight the establishment of the proposed school.

Suit has been brought to set aside the deed and the case will have a hearing next month.

DEPUTY HAS RESIGNED

Ben Shoemaker No Longer Trains With the Constabulary.

Ben Shoemaker, a negro, who some months ago formed an alliance with L. H. Kahrs, since which time

he has hailed to the appellation of a deputy constable, quit work last night, never again to hide behind a gun or star or to endeavor to keep the peace within the borders of the township.

Ben's sudden resignation was brought about by a melee with Harry Buckner, a desperate negro, last week, when the latter, handcuffed, knocked the officer down and then made his escape.

Ben claims he was one of three officers in whose custody Buckner was when he escaped. Instead of that, the "Four Court" magistrates, clerks and court attaches furnished the local press with an erroneous statement regarding the hair-raising escape, which humiliated Ben's pride, calling for his resignation.

FIGHT THE "DRYS"

REV. WILLIAM A. WASSON, EPISCOPAL RECTOR, HAS RESIGNED CHARGE.

WAS LOCATED AT RIVERHEAD, L. I.

Retiring Divine Will Devote All of His Time to Fighting Prohibition—Healthy Wallop Handed Out to Public.

New York, May 18.—Rev. William A. Wasson has resigned from his Episcopal pastorate at Riverhead, L. I., to work for limited license as against total prohibition of the sale of intoxicating liquors.

In a letter to the Right Rev. Frederick Burgess, D. D., bishop of Long Island, Dr. Wasson says he wishes to give his whole time to "fighting temperance falsely so-called, and advocating the true temperance, which means moderation and self-control."

"A copy of the official organ of the national prohibition party is before me," he continues, "containing an editorial, the gist of which is that if Jesus did drink wine he was ignorant of the fact that he was setting a bad example to all future generations. 'Jesus Christ must sit at the feet of these blasphemers to take lessons in good morals.'"

CAR KILLED A \$200 DOG

And That Is Why George Arnold Is in Mourning.

George Arnold, of the Arnold stock farm, west of town, lost a valuable bird dog, "Doc," this morning, in consequence of which gloom is cast over "Wall street," and particularly that section occupied by the Harris Tailoring emporium.

The dog was valued at \$200, the owner having flatly refused that price several times. As was customary, the canine was chained day and night, but this morning the owner consented to let a young man take the dog on a trip to East Sedalia.

In the vicinity of Thirteenth street and Ohio avenue, one of "Bob" Hamner's street cars came in contact with "Doc's" anatomy, killing him almost instantly.

AN INSURANCE TRUST

Forty Members Arrested, Charged With Violating Anti-Trust Law.

Newport News, May 18.—Warrants charging violation of the Sherman anti-trust law have been sworn out here against 40 representatives of various insurance companies, all members of the Southwestern Underwriters' association.

The warrants were served today at Hot Springs, Va., where the association is in session. Commonwealth Attorney Berley claims the companies conspired to unlawfully raise the insurance rates in Newport News, Va.

FIGHTING AN AMENDMENT

Progressive Senators Are Fighting Another Item of Railroad Bill.

Washington, D. C., May 18.—Refusing to accept any modification of the law making the interstate commerce commission defendant in all suits growing out of proceedings against railroads, the progressive republican senators today entered a vigorous opposition to that amendment to the railroad bill introduced yesterday by Senator Smith, of Michigan.

A BIRTHDAY PARTY

IT WAS GIVEN TUESDAY NIGHT IN HONOR OF MISS MINNIE YUNKER.

ALL KINDS OF GAMES ARE PLAYED

Prizes Were Awarded, After Which Refreshments Were Served—Was Music During Evening and All Had Good Time.

Miss Minnie Yunker was very pleasantly surprised by a number of her friends, who arrived at her home, 923 East Fifteenth street, Tuesday evening at 8 o'clock, in honor of her birthday.

The guests were escorted to the parlor, where they played various games. Paper and pencil were given to each one for the holiday contest. The boys' prize was carried off by the lucky Starr Dunn, it being a pair of cuff buttons. Miss Gladys Rowlette was the fortunate one in winning the girls' prize, a beautiful handkerchief bag.

Cards were next given to the guests to match partners for supper. Written on each card was a motto. Each did ample justice to the dainty refreshments served, after which they returned to the parlor and proceeded with the games and music.

The flower contest kept each guest busy guessing for a time till the cards were collected and John Blatterman was declared to have carried off the booby prize, being a sack of striped candy. After enjoying the games and music, all departed, vowing that each had enjoyed his or her share of the jolly good time.

Those present were: Misses Mary and Retta Sullivan, Mattie McGee, Gladys Rowlette, Isabelle Driskell, Mamie Miller, Allie Lovelace, Rose Dunn, Clara and Gustia Yunker, Anna and Nellie Johnson and the Misses Emma, Minnie and Clara Yunker.

Messrs. Frank Lovelace, Floyd Alexander, Corbett McGee, John Ferguson, John Blatterman, Herbert Arnold, Star Dunn, Ben Yunker and Kenneth Rowlette.

AN ATTEMPT AT SUICIDE

Train Dispatcher at Walch's Cafe Last Afternoon.

M. C. Wilkins, a train dispatcher from Pryor Creek, Ok., who came to Sedalia Tuesday, on his way to Jefferson City to work for the Missouri Pacific railway, attempted suicide in a room at Walch's cafe, on Second street, late last afternoon, but failed. He slashed his throat with a razor five times, only one of the gases cutting the skin. Dr. W. J. Willis was summoned and dressed the wounds.

Wilkins father, J. D. Wilkins, was notified by telegraph, and arrived here on the first train, departing for home early this morning with his son.

Wilkins, according to the authorities, was drinking. He had an hallucination that someone was going to murder him, and while in that condition attempted to take his life. Wilkins is a member of the A. F. and A. M. and members of that order interested themselves in his welfare.

BOX OF LEMONS STOLEN

Was Taken From a Box Car in Missouri Pacific Yard.

A box of lemons, evidently stolen from a Missouri Pacific merchandise car, was found by the side of the Missouri Pacific track near Engineer avenue by Deputy Constables Rennie and Brown at 5 o'clock this morning. The box had been broken open, but few if any of the lemons had been taken. It was turned over to Freight Agent Kaho to investigate its disappearance.

Two men, both white, were seen last night in the neighborhood of where the box was found, but the description of them is meagre, and it is very doubtful if they will be apprehended.

Now George W. Coleman Must Serve Fifteen Years' Imprisonment.

Books are a guide in youth and an
entertainment for age. They support
us under solitude, and keep us
from becoming a burden to our-
selves. They help us to forget the
crossness of men and things, com-
pose our cares and our passions, and
lay our disappointments asleep.When we are weary of the living,
we may repair to the dead, who have
nothing of peevishness, pride or de-
sign in the conversation.—Collier.**THINK ABOUT IT.**
The bribery investigation in Illi-
nois goes merrily on, and while the
developments of the past few days
have not been marked, the proof of
a part of the charges is now so well
established that the most skeptical
do not doubt the fact that money
played a large part in breaking the
deadlock.It is a most unfortunate condition
when we come to the place in our
government career that money or its
use names the candidate for office.
Evidently members of the general as-
sembly of Illinois accepted money
for their votes for William Lorimer
for United States senator, and some
are confessing. Lorimer may yet
have to give up his seat in the sen-
ate, either by resignation or expul-
sion, when the proper proofs of the
crime have been submitted to that
body, which is the sole judge of the
qualifications of its members.The public is astounded at the proof
of graft which has permeated the
high places of that state. But the
public is to blame. In every state it
has come to be the custom for can-
didates, from the lowest to the high-
est office, either directly or indirect-
ly, to expend large sums in the fur-
therance of their political aspira-
tions, and generally, if the sum be
large enough, the candidate with the
"bought" lands the coveted position.There should be other qualifica-
tions for office than an ability to
bring to the campaign which pre-
cedes the successful consummation
the expenditure of a roll. Those who
vote directly for candidates, for of-
fice or for those who, like members
of the general assembly, but express
the will of their constituents, should
look askance on the candidate who
goes out and by his methods makes
it clear that he is a buy-partisan can-
didate.**HAVENS IN NO DANGER.**
The opponents of James S. Ha-
vens, who overturned Boss Aldridge
in the Rochester, N. Y., congres-
sional district last month, have seized
upon the neglect of Mr. Havens
to file a statement of his election ex-
penses in the time required by the
New York state law as a ray of hopeas a means for them to prevent Mr.
Havens taking his seat. Mr. Ha-
vens says that he understood the
time allowed for the filing of this
statement was twenty days, whereas
the law makes it ten days after elec-
tion.There is little danger of the Ro-
chester congressman being unseated
on this technicality, however, not-
withstanding that the state law en-
acts that a candidate failing to file
the statement within the prescribed
time shall lose the office. Mr. Ha-
vens holds an office created by the
constitution of the United States,
and that instrument provides that
members of the house of representa-
tives "shall be chosen by the people
of the several states," and, further,
that "each house shall be the judge
of the elections, returns and qualifi-
cations of its own members." It is
hardly possible that under such pro-
visions a state law can, as a penalty
for omission, disqualify a member of
congress whose election by the peo-
ple is undisputed and who has taken
his seat.And were it possible to unseat Mr.
Havens on this technicality there is
no reason to doubt that, submitting
his candidacy again to the people of
the Rochester district, he would be
returned by a majority increased
even beyond the remarkable figures
of his former triumph, the people
thus reiterating their repudiation of
the party of broken promises and
emphasizing their disapproval of a
resort to technicalities to overthrow
the will of the voters as expressed at
the polls.The income tax is already defeat-
ed. The necessary three-fourths of
the state legislatures will not vote
to amend the constitution so that an
income tax law that will stand the
test of the supreme court can be en-
acted. Enough of them have already
defeated the proposed constitutional
amendment to make its fate practi-
cally certain. There is nothing sur-
prising in this. It was never intend-
ed that there should be an income
tax. The proposition to submit an
amendment to the state legislatures
was a fraud on its face, proposed
with an almost certain knowledge
that a sufficient number of states
would reject it to kill the measure.
It was only one of Aldrich's cunning
subterfuges to fool the people, and
so understood by all persons of
average political acumen.By vigorously objecting to the an-
cient and intolerant oath of acces-
sion, which contains slurs against the
religion of thousands of his subjects,
George V. has already demonstrated
that he has a mind of his own and
that it runs in commendable chan-
nels.The republican legislature of New
York state has defeated the direct pri-
maries bill, thus evidencing faithfulness
to the good old federalist doc-
trine that the people are not fit to
choose their own public officials.Seven kings are attending King
Edward's funeral. On this side of the
pond five kings have occasionally
been the cause of a funeral.Having been read out of the re-
publican party, Senators Cummins
and Dooliver slammed the door as
they left.If it is true that George V. is work-
ing twenty hours a day the King's
union should discipline him.**OUR MOTTO—(You to be the

A PHOTO OF COMET

AMERICAN ASTRONOMERS SET CAMERA FOR THE PURPOSE AT HONOLULU.

WANDERER IS TO BE "MUGGED"

Comet Today Is Only 15,000,000 Miles From the Earth and Consequently Brighter Than at Any Other Time.

Honolulu, Hawaii, May 18.—When Halley's comet completes its 3,100,000,000 mile trip around the sun today, the celestial visitor will be photographed by the big astronomical camera which has been set up here for that purpose by American astronomers. This city was selected as the best place for "mugging" the wanderer.

The astronomer in charge said that head of the comet would cross the solar disc and the phenomenon would be plainly visible in the Pacific ocean.

It will take the comet but fifty-eight minutes to cross the sun's face, and at the time it would be possible to determine how much solid matter is in the comet's nucleus, for all solid matter ten miles in diameter would be indicated by shadow spots against the sun's background.

The comet is today but 15,000,000 miles away from the earth and consequently brighter than at any other time.

The experiments in Honolulu are being made by the American Astronomical and Astrophysical society.

HEAD NEGRO PARADE

Dallas Patrolmen Are Suspended for Insubordination.

Dallas, Texas, May 18.—Chief of Police Ryan yesterday indefinitely suspended Mounted Patrolmen Tedford and Burgess because Monday they refused to obey the order of Police Captain Arnold to lead a procession of negroes in carriages, a feature of the opening of the championship season of the Texas Negro league baseball club.

Chief Ryan has preferred charges of insubordination against Tedford and Burgess. The two patrolmen are to be tried before the board of municipal commissioners.

Every patrolman on the force sides with the two officers, and much feeling exists on the part of the public, which seems to be overwhelmingly with the accused officers. Tedford was formerly a state ranger.

BEATS "WHY IS AN EGG?"

Do You Know Difference Between Stars and Comets?

Washington, May 18.—The jurisdiction of the supreme court of the United States does not extend far enough to determine whether the average citizen of America stops to distinguish the difference between a star and a comet.

The court yesterday dismissed "for want of jurisdiction" a case in which two manufacturers were disputing over the alleged infringement of a trademark.

The owner of the "star" trademark claimed that ordinarily a person does not stop to distinguish between a star and a comet.

A BAR ON PLUMES

THE NEW LAW IN THE EMPIRE STATE SAVES THE NATIVE BIRDS.

AIGRETTE BUCHERY IS CHARGED

Hat Fashions May Change to Fruit and Flowers—Milliners in the East Now Trying to Dispose of Their Plumages.

New York, May 18.—That fashion will soon cease to prescribe the nuptial plumage of butchered mother birds for the headgear of American women was indicated here today, as the result of the passage of the Audubon bill that Governor Hughes has just made a law.

Not only aigrettes, but also the plumage of native wild birds that check crop pests all over the continent, it is predicted, will be made unfashionable by the leaders in the millinery centers of this city, whose traffic in such stock will be prohibited by the new law.

While the cruel extermination of the aigrette bearing herons will be stopped, millions of dollars' worth of the country's crops will be saved by this legislation, it is declared by officers of the National Association of Audubon societies, who have labored for the last five years to secure its passage.

Realizing that all trade in aigrettes must end when the Audubon law becomes effective, the Broadway feather dealers are reported today to be frantically trying to dispose of their supplies of the plumage for which the white herons are slaughtered among their young. The costly products of this bird butchery are now said to be becoming a drug on the market, where once they commanded fancy prices. Under the circumstances it is believed that the milliners will urge Paris to altar their styles and check further demand for these barbarous trophies on women's hats in this country.

ALL NEWSPAPERS SHOULD COPY THIS

"I hope that every newspaper in the country will copy this. If they will, they will do worlds of good for thousands of sick people who are now suffering as I did for years with my stomach and kidneys, but thanks to the wonderful medicine that is now doing so much good all over the country. I am liberated from my years of torture and am once more enjoying the great blessing of good health. For several years my back was hurting me most of the time, and I would have to get up from ten to fifteen times every night on account of my kidneys. My food would sour and burn in my stomach and I would bloat and belch until I would get dizzy and nervous. I was badly constipated, and had to be taking something all of the time. If I didn't I was sure to have a bad spell of sick headache. No one knows how much I did suffer, but after taking the great remedy, Root Juice, a short time, I began to improve, and after using about six bottles I am strong and well, and feel like a boy. I am glad to tell every sick person all about it, because I sympathize with those who suffer as I did."—L. F. Pratt, South Bend, Ind. It is well known here that Root Juice is certainly a wonderful medicine. It is sold for one dollar a bottle or three bottles for two dollars and a half at Wilcox's drug store.

NO NEED TO FEAR

THE TAIL OF HALLEY'S COMET
WILL NOT SWIPE YOU
AS YOU SLEEP.

WHAT PROF. PICKERING SAYS OF IT

In Fact, None of Us Will Be Aware
of the Fact That We Are Literally
Breathing the Tail
of the Big Comet.

Cambridge, Mass., May 18.—If Prof. Pickering, of Harvard, knows what he is talking about, no one need be afraid to go to bed and sleep soundly tonight lest the tail of Halley's comet should swiPE them while they slumber.

Prof. Pickering says that we should expect to be struck by the core of a visible comet once in about 40,000,000 years, and by some portion of the head once in 4,000,000 years. Since comets' orbits are more thickly distributed near the ecliptic than in other regions of the sphere, the collisions would occur rather more frequently than this, but hardly as often as once in 2,000,000 years. And since it has been estimated that animal life has existed upon the earth for about 100,000,000 years, a considerable number of collisions, perhaps as many as fifty, must have

taken place during that interval, in Prof. Pickering's opinion, evidently without producing any very serious results.

At all events, it may be safely held that today none of us will be aware of the fact that we are literally breathing the tail of Halley's comet.

From this it may be inferred that the wild tales of the possible effects of poisonous gases are utterly without foundation.

It is true that comet's tail is composed of poisonous and asphyxiating hydrocarbon vapors and cyanogen; but it is also true that the actual amount of toxic vapor is so small that when the earth is brushed by the tail of Halley's comet the composition of the atmosphere will not be so affected that a chemist could detect it.

IT'S THE SURE DANDRUFF CURE

Men and women, be sensible, what's the use of wasting time and money trying to drive dandruff and dandruff germs from the scalp when W. E. Bard Drug Co. guarantees Parisian Sage to completely rid your scalp of dandruff in two weeks or money back.

Mrs. F. J. Moreau, 9 Oak St., Concord, N. H., wrote Nov. 1, 1909: "Parisian Sage has done wonders in my case as a dandruff cure, for my scalp was in a bad condition."

"Hair doesn't fall out as bad, the new is making its appearance fast. Am still continuing its use."

In over a thousand towns in America news of the marvelous cures of Parisian Sage are spreading. It is undoubtedly the greatest hair grower in the world.

It will stop itching scalp and falling hair in two weeks, or money back.

It refreshes the scalp, gives it a delightful, comforting feeling, and is not sticky or greasy.

It puts the radiance of sunshine into woman's hair, and women who use it regularly are sure to compel admiration. It makes women's hair grow profusely; yet silky and lovable.

A large generous bottle only costs 50 cents at druggists everywhere and at W. E. Bard Drug Co. Girl with the Auburn hair on every bottle. Mail orders filled, charges prepaid, by Giroux Mfg. Co., Buffalo, N. Y.

Immediately after the opening of the afternoon session at 1 o'clock, a telegram came from Festus, Mo., to Delegate J. A second telegram came from Lexington to Delegate Thomas Walton, pledging the endorsement of the Lexington business men in nominating Lexington for the next great council meeting.

UNLOADING SALE FOR MEN

Messery's Give Men and Boys a "Whirl" at Their Big Store.

Messery's opened what is termed an "unloading sale" this morning at 8 o'clock. It is a sale devoted exclusively to men's and boys' clothing, suits, odd pants and furnishing goods. Lucky buying makes possible this sale. Overstock of spring clothing and an additional purchase of a bankrupt stock from an eastern manufacturer at Mr. Messery's own price brought the merchandise to Sedalia, which was all placed on sale, beginning today.

Judge Messery in speaking of his purchases said he believed no man who appreciated values could afford to pass the "Unloading Sale" by unnoticed, as he never in his business experience offered such good merchandise for so little money.

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scolding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Home Swamp-Root, Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

REAL IDEAL HOME

THEY ARE TO BE SEEN AT MADISON SQUARE GARDEN IN NEW YORK CITY.

EXPOSITION WAS OPENED TODAY

Object of Show is to Provide a Common Ground Where the Prospective Purchaser and Intending Seller May Meet.

New York, May 18.—Although Cupid isn't on the list of directors, he will play a prominent part in the success of the Real Estate and Ideal Homes exposition, installed today in Madison Square garden for a run of seven days.

All of the newly-weds and those about to be, as well as folk who are tired of paying rent for flats, have been invited to come to the big show, and already it appears that the response will be highly flattering to the promoters who conceived the idea.

The object of the show is to provide a common ground where the prospective purchaser and the intending seller can meet, where he who seeks a home may have spread before him for comparison and examination the sites which are available, and where they who have sites for sale may show the advantages and value of their properties and present the inducements which will appeal to the investor.

Photographs, diagrams, models in and of clay, artificial groves, lakes and lawns are shown, also bungalows, portable houses and ideal home interiors. Fixtures and everything belonging to the home are on display.

DON'T BE BALD

Almost Any One May Secure a Splendid Growth of Hair.

You can easily find out for yourself if your hair needs nourishment, if it is thinning, getting dry, harsh and brittle, or splitting at the ends. You simply have to pull a hair from the top of your head and closely examine its root. If the bulb is plump and rosy it is all right; if it is white and shrunken your hair is diseased and needs nourishment.

We have a remedy for hair troubles that cannot be surpassed. It is a record of growing; hair and curing baldness in 93 out of 100 cases where used according to directions for a reasonable length of time. It will even grow hair on bald heads if the scalp is not glazed and shiny. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so sure that Rexall "93" Hair Tonic will completely eradicate dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair; that we personally give our positive guarantee to refund every penny paid us for Rexall "93" Hair Tonic in every instance where it does not do as we claim or fails to give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is perfumed with a pleasant odor, and does not grease or gum the hair. We have it in two sizes, prices 50c and \$1.00. We urge you to try Rexall "93" Hair Tonic on our recommendation and with our guarantee back of it. You certainly take no risk. Remember, you can obtain Rexall Remedies in Sedalia only at our store, the Rexall Store—Arlington Pharmacy.

Female Prisoner Thus Addressed Memphis Judge.

Memphis, Tenn., May 18.—Gowned in a fashionable tailor-made suit yesterday appeared in police court yesterday to answer charges of disorderly conduct, filed by an officer, who declared that she buried a paper weight through a glass window of a business house, Mrs. C. K. Stewart caused consternation and drew a fifty-dollar fine, receded by temporary imprisonment, when, pleading her own case, she referred to Judge Kelly as "Dearie." "All right, Dearie," replied Judge Kelly, who is known as a lenient ruler, "I'll fine you \$50. Mr. Sheriff, take her to the lockup till it's paid." The prisoner was liberated in half an hour upon payment of the fine.

LEPROSY IN THE "RATS"

An Indiana Farmer Told Wife and Big Scare Resulted.

Princeton, Ind., May 18.—Because a farmer told his wife there was leprosy in hair "rats," when she asked him to buy one for her in Princeton, this city is threatened with ostracism by the people of the rural districts.

The whole country was flooded with the story that there were a number of leprosy cases here.

Last Saturday only the bolder farmers came to town from some of the districts to do their weekly trading and many of these ventured in only over the fearful protests of wives.

There is, of course, absolutely no ground for the report.

MORE PAY FOR MINISTERS

In This Respect They Are Just Like Worldly People.

Philadelphia, May 18.—Applications for increases in salary from 270 ministers were presented today at the annual meeting of the Board of Home Missions of the United Presbyterian church.

Practically every missionary and pastor of a non-supporting congregation in the denomination also has joined in the demand for more pay. Increased cost of living is given as the reason.

See Copita in the Summer

The summer season will soon be here. Summer is the time of year when the value of a country or section for profitable farming can best be seen and judged. It is during the summer the northern man can best determine what the southern soils will do; it is in the summer he can best know what Copita is like for an all-the-year-round home. The man who lives in the colder regions of the country knows of the south's fine winter climate. We want him to understand that the summer months are also healthful and delightful. The practical man who is thinking of the south as a home location will make the trip during one of the summer months and see the growing grasses, the cattle grazing, the corn, the cotton, the forage crops, the bearing fruit trees; to then study the soil and test the climate.

Copita Prairie, about 180 miles southeast of San Antonio, will stand this kind of an investigation. Make it this summer; select your farm, and move in the fall, to get a good start for next year's crops. Join one of our excursion parties, and then your ticket will be routed so that you will pass through all of the interesting southern cities and locations. Stop-over privileges good both going and returning. If you don't already know about Copita (Kopita) call on our special representative in your town, Mr. J. M. The Prohibitionists of California in Session.

San Jose, Cal., May 18.—San Jose echoed to the rumbling of the water wagon this morning, and nearly all the loyal citizens of the city pinned white ribbons to their lapels and climbed onto the old cart, in honor of the thousands of anti-rum enthusiasts who assembled here today at the state convention of the prohibition party.

According to the leaders in the movement, all the human irritation works in the Golden state will be put out of business within another decade.

The sessions of the convention will continue through tomorrow, and several "drys" of national prominence are scheduled to speak.

GRAY HAIRS BANISHED

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days on account of it souring quickly. This objection has been overcome, and by asking almost any first-class druggist for Wyeth's Sage and Sulphur the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow. It is sold by all druggists for 50c and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

NEWS OF THE RAIL

ENGINEER'S WIFE TESTIFIES BEFORE CHICAGO ARBITRATION BOARD.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Wives of engineers have submitted their family account books in an effort to establish their contention that it is impossible to "make both ends meet" to the arbitration board which is trying to settle the wage dispute between 27,000 employees and 49 railroads west of Chicago.

Mrs. Marion Oliver, of Chicago, placed the following comparison before the board:

Per pound—	Now	Three years ago
Sugar	6c	5c
Round steaks	14c	16c
Liver	8c	3c
Bacon	26c	20c
Ham	26c	15c
Lard	19c	12½c
Butter	28c	25c
Prunes	10c	8c

"Meat is too expensive to eat, cabbage is nearly a luxury and we can't afford to buy anything but the cheapest of clothing," concluded Mrs. Oliver.

The Missouri Pacific Railroad company has issued an order to trainmen along the Central Branch not to allow passengers to ride on certain freight trains.

The Leavenworth order of the United Commercial Travelers has filed a protest with Governor Stubbs, and this protest, with a letter from the governor, has been forwarded to C. S. Clarke, general manager of the company.

The order was issued by the trainmaster at Concordia and instructed the trainmen to keep all passengers off some of the trains, even if they had to lock the doors of the cabooses, and the agents were instructed not to sell tickets to prospective passengers.

Switchmen Are to Organize.

Patrick Shea, an M. K. & T. switchman, and Matt Hough, a Missouri Pacific switchman, are perfecting plans for the organization of a local union of the Switchmen's Union in Sedalia on or about June 1.

Two years ago the local union was disbanded, owing to the few switchmen in Sedalia. Now, however, there are twenty-five or thirty such men in Sedalia, and already fifteen applications have been presented for membership.

Train Only Four Months Late.

Train No. 4, on the Salt Lake route, due at Salt Lake, Utah, January 2, arrived Tuesday, four months late.

The train was marooned January 1 near Callente, Nev., by a washout. Through traffic on the line will be resumed June 15.

A Kick Against the "Katy."

Superintendent N. J. Finney today posted a bulletin stating that Mavor Bowen, of Rockville, Mo., is complaining that M. K. & T. trains are blocking the sidewalks and street crossings in that town, and requesting that the practice be discontinued at once.

Saloon Thought No. 395

Said a fine young fellow: "I owe you prohibitionists \$15 per month; that is what I spend for beer each month; I have cut that out and bought a home, paying \$15 per month on it."

"The defeat of the amendment was attributed to various causes, NOT TO A DESIRE ON THE PART OF THE STATE TO GO BACK TO SALOONS."

What the other side did during the fight: A BREWERY REPRESENTATIVE said to a SUPPOSED SYMPATHIZER: "We have put \$300,000 into Alabama. The crisis for the brewery business is at hand, money HAS TO BE SPENT—LOTS OF IT. Have you stopped to think what it means to fight the Christian churches in this land, including the women and children? Well, that's what we are doing; Alabama is but a cog in the wheel, and no political campaign was ever conducted on more business lines than this. We have sent a steady stream of money into Alabama."

With such prosperity, don't it seem plain to you why the brewers can spend \$300,000 to get back and commence collecting their money?

ANTI-SALOON LEAGUE.

Strikers Fail to Return.

The Missouri Pacific recently notified its striking machinists they must return to work today or would no longer be considered employees of the road, says an Atchison, Kas., dispatch of the 17th. None of the local strikers returned. It is reported the company will send strike breakers here.

The Missouri Pacific pipe fitters have been granted an advance of 2½ cents an hour, but other shopmen in the company's employ have presented demands for more pay.

Automatic Couplers.

"Jack" Dorsey, an M. K. & T. yardmaster, is taking a brief lay off. Clay Lampkin, a Missouri Pacific telegrapher, went to Warrensburg this morning for a brief visit.

Effective on May 23, M. K. & T. trains Nos. 517 and 518, on the El Dorado Springs branch, will be operated daily.

Charles McEniry, switch light inspector for the M. K. & T., returned this morning from a business trip to Appleton, Wis.

Arthur Frakes, roadmaster for the M. K. & T., left this morning for a business visit at points on the north end of the road.

G. H. Stott, formerly number catcher for the M. K. & T., has been promoted to a switchman in the local yards and is assigned to night work.

H. L. White, route agent for the Pacific Express Co., returned this afternoon from a business visit at points on the east end of the Missouri Pacific.

Col. A. C. Miner, traveling passenger agent for the M. K. & T., was a passenger to Pleasant Hill on the Missouri Pacific fast mail train this morning on company business.

F. J. Avery, of Coffeyville, Kan., is the successor of Denny Sullivan, formerly trainmaster for the Missouri Pacific at Jefferson City, who resigned to go with "Eddie" Gould on the C. H. & D. at Indianapolis, Ind.

"HIGHER UP" ON TRIAL

Government Case Against Sugar Trust Employees Opened Today.

New York, May 18.—The government today opened fire in a spectacular way on Charles R. Helke, secretary of the American Sugar Refining Co., and five former employees of the company, accused with him of conspiring to cheat the government out of customs duties by underweighing. Thomas D. Hyatt, the government weigher, who rang a bell as a warning to hide the fraudulent weighing devices when he appeared on the sugar docks, was called to the stand. A cloth that hid a massive frame behind the judge's bench was raised and identified as a correct plan of a scale such as was used to weigh the sugar. Hyatt then illustrated how the fraud was carried out.

GIRLS TIRED OF PRAYING

Runaways Captured in Topeka Say They Prefer County Jail.

Topeka, May 18.—Officers from Kansas City came to Topeka yesterday and got three girls who ran away from the convent there last Sunday. The girls were Fannie Hayes, Grace McIntyre and Mattie Jordan, all about 17 years old. The girls declared that they escaped because they were compelled to do too much praying.

"We would rather stay in the county jail here than to return to school at Kansas City," said one of the girls. "It is nothing but pray, pray, pray all the time."

"KETCH" PICKS EASY ONE

For Two Rounds at Long Range and Then "Curtain."

Boston, May 18.—Stanley Ketchel, the middleweight champion, made short work of James (Porky) Flynn, the Boston light heavyweight, at the Armory Athletic association last night, knocking him out in the third round of a bout that was scheduled for twelve rounds.

Flynn made such a poor showing that everyone wondered why he was sent up against fighters of Ketchel's known ability.

Ketchel was so sure of stowing his opponent away that he bet \$1,000 to \$800 that Flynn would not last eight rounds, and he found several takers, who are now figuring out why they did it.

While Flynn lay on the mat and the referee stood over him, tolling off the count, one of the latter's seconds threw some water on the prostrate boxer, and Ketchel rushing over to the local man's corner, made a vicious kick at the second, but it did not land.

Watch Out Tonight.

Berlin, May 18.—German scientists are displaying great interest in Halley's comet. According to the latest calculations of astronomers the passage of the comet will be made between 10:22 and 11:22, New York time, tonight. Leading students of astronomy have not the slightest expectation of an abnormal meteorological phenomena.

Fort Smith, Ark., May 18.—Federal Judge Rogers yesterday released a carload of California wine that was attached here recently under the provision of the pure food law that wines must be properly labeled, it having been charged that this wine was mis-labeled.

Judge Rogers followed the recent supreme court ruling that when the label gave the place of manufacture and the name of the brands there was no violation of the law.
